"In this election year both parties in the US only agree on one thing: the US has been on the decline and needs to get back on its feet. This book puts the facts behind the finger waving. A must read for those of us fed up with both left and right, but who want to move forward."

*Kevin Gallagher, USA, Boston University*

"This book is a tool of great political importance for anyone caring about the facts and values that made the USA great in the past."

*Irene van Staveren, Netherlands, Erasmus University*

"This book's 65 charts tell the story of an economy that is polarizing and in decline."

*Michael Hudson, USA, University of Missouri at K.C.*

"Glance through this short book and you are in for a shock."

*Norbert Häring, Germany, Handelsblatt*

"This little book is unique. . . great innovation, great interest."

*Jean Gadrey, France, University of Lille*

"This book has changed my opinion of the United States. It also has changed my views about economics and the discourse on the present economic crisis."

*Merijn Knibbe, Netherlands, Wageningen University*

[Preface](#)

- **This book is not just about the USA. It is about each of the 30 OECD countries.**
- **Spin and military might aside, what are the world's top countries?**
- **What is your country's position in the hierarchy of "developed" nations?**
- **This book will tell you.**
