32.	Dynamic versus static efficiency <i>Matthew McCartney</i>	283
Part 7: Is anything worth keeping in microeconomics?		
33.	Is anything worth keeping in standard microeconomics? <i>Bernard Guerrien</i>	295
34.	In defense of basic economic reasoning <i>Bruce J Caldwell</i>	299
35.	Doctrine-centred versus problem-centred economics <i>Peter Dorman</i>	303
36.	Yes, there is something worth keeping in microeconomics <i>Deirdre McCloskey</i>	307
37.	Response to Guerrien's essay <i>Jacques Sapir</i>	311
38.	Theoretical substance should take priority over technique <i>Geoffrey M Hodgson</i>	313
39.	Two perspectives to Guerrien's question <i>Steve Keen</i>	317
40.	Superior analysis requires recognition of complexity <i>Anne Mayhew</i>	321
41.	What should be retained from standard microeconomics <i>Julie A Nelson</i>	325
42.	Comment on Guerrien's essay <i>Geoff Harcourt</i>	329

43. For Guerrien ... and beyond	331
<i>Gilles Raveaud</i>	
44. Teaching post-autistic economics to students of political science	335
<i>Poul Thojs Madsen</i>	
45. Can we please move on? A note on the Guerrien debate	341
<i>James K Galbraith</i>	
46. Once again on microeconomics	345
<i>Bernard Guerrien</i>	
Part 8: Some big ideas	
47. Two feasible future scenarios: a high-tech utopia and a high-tech dystopia	355
<i>Trond Andresen</i>	
48. The political economy of destructive power	369
<i>Mehrdad Vahabi</i>	
49. Capabilities: from Spinoza to Sen and beyond	379
<i>Jorge Buzaglo</i>	
50. Thermodynamics and economics	393
<i>Dietmar Lindenberger and Reiner Kümmel</i>	
Part 9: Putting ethics into economics	
51. Ethics In economic theory	401
<i>Charles K Wilber</i>	
52. Ethics and economic actors	411
<i>Charles K Wilber</i>	
53. Social being as a problem for an ethical economics	419
<i>Jamie Morgan</i>	
54. When social physics becomes a social problem: economics, ethics and the new order	429
<i>Juan Pablo Pardo-Guerra</i>	
55. The economist's long farewell	437
<i>Robert E Lane</i>	
Part 10: Student voices	
56. Politics versus economics: keeping it real	447
<i>Daniel Gay</i>	
57. Form and content in neoclassical theory	453
<i>Asatar Bair</i>	
	459

58. Of textbooks: in search of method <i>Nathaniel N Chamberland</i>	
59. Consumer sovereignty re-examined <i>Goutam U Jois</i>	465
Appendix: Students in rebellion	
Appendix I. The French students' petition	473
Appendix II. The French professors' petition	475
Appendix III. <i>Post-autistic Economics Newsletter</i> , issue no. 1	479
Appendix IV. The Cambridge University students' petition	483
Appendix V. An international open letter	485
Appendix VI. The Harvard students' petition	489
